Full Stack Developer

Zürich/Bassersdorf | +41 76 275 58 87 | sara.rosati@tiscali.it | rosatisara.com | github.com/Saretta1194

PROFILE

Full Stack Developer based in Zürich, transitioning from a high-pressure hospitality career into software development after completing a Full Stack Software Development Diploma at Code Institute. Built and deployed 4+ full-stack web applications, including a multi-role food delivery platform with authentication, payment handling, and cloud media storage. Comfortable across the stack — Python/Django/Flask on the backend, React/JavaScript on the frontend — with strong Git workflows and Agile practices. Brings problem-solving under pressure, precision, and team collaboration from years of working in fast-paced kitchen environments.

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), TypeScript, React
- **Backend:** Python, Django, Flask, Node.js, Express.js, REST APIs
- **Databases:** PostgreSQL, SQLite
- **Tools:** Git, GitHub, VS Code, Chrome DevTools, Postman
- **Deployment:** Heroku, Cloudinary, GitHub Pages
- **Working style:** Agile / Scrum familiarity
- **Currently learning:** Angular basics, FastAPI

RELEVANT PROJECTS

FoodHUB — Full-Stack Food Delivery Platform

Django, PostgreSQL, Cloudinary, Heroku

Full-stack food delivery platform with multi-role authentication (customer, restaurant owner, admin), order management, and cloud-based image storage. Designed the data models, backend logic, and deployment pipeline end-to-end.
